For an Ubuntu desktop,
you should have a PC with at least
128 MB of RAM and 1.8 GB of disk space.
For a server, you should have at least 64 MB of RAM
and 350 MB of disk space. Your computer must also
be configured to boot from a CD to start the installation.

try Ubuntu

To use this Live CD, you must have
a PC with at least 128 MB of RAM and
your computer must be configured to boot
from a CD. Note that the Live CD is much slower
than the fully installed Ubuntu system,
but allows you to test Ubuntu without modifying
your existing software.

Use this CD if you want to install Ubuntu on
your computer. To install Ubuntu, put the **Install** CD
in the CD drive, turn on or restart the computer,
and follow directions on the screen.

The default installation will erase all existing
software and data from your computer. However
an expert installation mode is available. If you
want to keep your existing files alongside Ubuntu,
follow the instructions carefully during installation.

What is Ubuntu?

Ubuntu is an operating system consisting entirely of free and open source software. With Ubuntu you can surf the web, read email, create documents, spreadsheets and more! Ubuntu gives you power and flexibility for business, education and home use.

Ubuntu is easy to install, free of viruses, and perfect for laptops, desktops and servers. The CD inside will install in a dozen languages; many more languages are available via download. Ubuntu is community developed, commercially supported, and offers free security updates for at least 18 months after release. A new version is released every six months.

"Ubuntu" is an ancient African word that means "humanity to others". This Linux distribution brings the spirit of Ubuntu to the software world.

This PC Edition will run on Intel x86-based systems (including Intel Pentium and AMD Athlon).

Ubuntu is Software Libre. You are legally entitled and encouraged to copy, share and redistribute this CD for yourself and your friends. Share the spirit of Ubuntu! Ubuntu is sponsored by Canonical Ltd. For more information, visit www.ubuntu.com and www.canonical.com. To request free Ubuntu CDs, visit shipitubuntu.com.
